LLOYD AUSTIN'S

RAINBOW HYBRIDIZING GARDENS

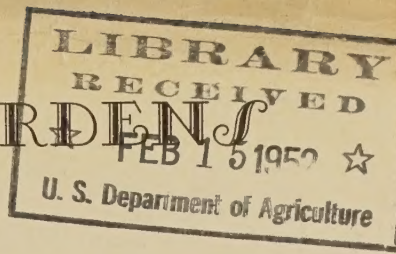

PLACERVILLE, CALIFORNIA

— 1951 —

End Of The Season

WHOLESALE LIST OF SURPLUS IRIS

(At Real SURPLUS Prices)

PRICES: Again my wholesale list comes to you with prices so tempting that few can pass up the opportunity of stocking up for the coming selling season, and for filling current orders.

AVAILABILITY OF STOCK: When my wholesale list went out last year I received many orders from various states by long distance phone (Placerville 74J2) and by telegram. These dealers had most of their orders filled in full even though a number of the orders were for over 500 rhizomes. This year this wholesale list is going simultaneously to nearly 2,000 nurseries. So you can readily see that to stand a reasonable chance of getting the stock that you want you will, at the very least, have to order at once, and by Air Mail.

QUALITY OF STOCK: All will be first class, single rhizomes, freshly dug for your orders and promptly shipped. In many cases at least a portion of the Tall Bearded rhizomes will be large to huge if desired for planting; or of a more moderate size if so preferred for shipping out without excessive postage. All stock guaranteed true to name and satisfactory in every respect. Our mountain-grown stock thrives in every state.

AWARDS AND SYMPOSIUM: For your convenience, and as a guide to the best sellers, I have marked all varieties given the Dykes Medal or Award of Merit, or that have been included in the Hall of Fame or the Symposium during the last few years. Runners Up for awards are marked R.U.

UNUSUAL IRIS: I offer at wholesale not only the familiar Tall Bearded Iris, but also a wide array of the unusual types of Iris that are becoming so popular. My illustrated Iris Catalog was mailed last spring to most dealers. If you did not receive one, write for it at once.

TERMS: Prices are F.O.B. Placerville, cash with order. Shipments sent express collect or C.O.D. for the postage, unless you enclose postage at rate of 4c per rhizome for Tall Bearded or Beardless, and 3c per rhizome for all others.

SUBSTITUTES: If substitutes are acceptable for any varieties, it will be to your advantage to give us a list of other varieties that you need. Otherwise, if we are sold out of some kinds, the ones you want instead are likely to be gone by the time we write you, and wait for your reply.

TALL BEARDED IRIS
